A Window for Looking Closely

Frame one small part of a larger scene.

YOU WILL NEED: card, crayons and child-safe scissors.

Work with a grown-up. Use child-safe scissors. A grown-up handles inner cuts, holes and fasteners. Keep small pieces away from mouths.

1. Colour the wide outer frame. Leave the middle window empty.
2. Cut around the outside. Ask a grown-up to begin the inside window cut safely.
3. Remove only the central window. Keep the wide frame joined all the way round.
4. Hold the frame at a comfortable distance and look at a leaf, a toy or a drawing.
5. Move the frame and describe what enters or leaves your little view.

Let glue dry before playing. Keep your model and use leftover paper for another creation.

A Window for Looking Closely

PRINTABLE TEMPLATE

Print at 100%. Solid outer edges: cut. Dashed lines: fold. Inner cuts are described in the steps.
