Pull-Up Carrot Garden

A hidden paper carrot grows when you pull the tab.

YOU WILL NEED: card, crayons, scissors, tape and glue.

Work with a grown-up. Use child-safe scissors. A grown-up handles inner cuts, holes and fasteners. Keep small pieces away from mouths.

1. Colour the garden card. Colour the carrot orange and its leafy top green.

2. Cut out both large pieces. An adult cuts the two short slots marked on the garden card.

3. Slide the long carrot strip through the lower slot from the front and out through the upper slot.

4. Keep the carrot picture above the top slot. Gently pull the lower end to make it move.

5. Do not glue the moving strip. Add soil marks and tell a pretend growing story.

Let glue dry before playing. Keep your model and use leftover paper for another creation.
