PAPER CRAFT / AGES 4-7

Accordion City Street

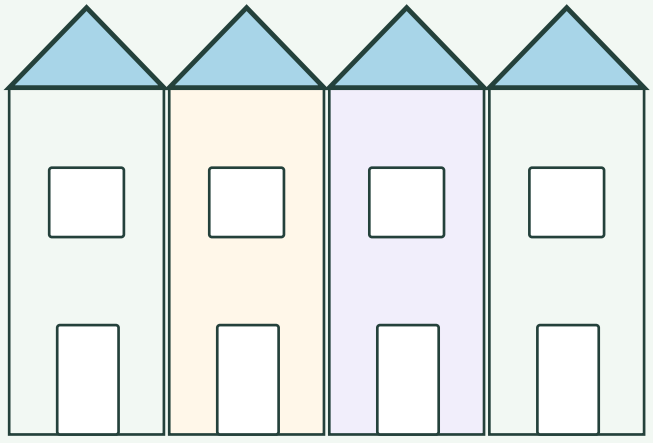
Fold a standing street of four decorated buildings.

YOU WILL NEED

Crayons and child-safe scissors.

1. Colour the four buildings. Add doors, windows and signs.
2. Cut around the outside rectangle only.
3. Fold the three dashed lines, alternating forwards and backwards.
4. Open the folds a little so your street stands. Invent a street name.

ONE WAY TO MAKE IT



Adult supervision: child-safe scissors, glue stick, and paper only. Keep small pieces out of mouths.

Accordion City Street

Print at 100% on A4, or fit to Letter. Colour first. Cut the thick outside edges.

Dashed lines: fold. Thin inner lines: decorate. Do not cut out the windows. Colour them instead.
