# Blossom Branch Relief

Make raised paper blossoms on a branch picture.

YOU WILL NEED: tissue paper, crayons, child-safe scissors and glue.

Work with a grown-up. Use child-safe scissors. A grown-up handles inner cuts, holes and fasteners. Keep small pieces away from mouths.

1. Colour the printed branch card and cut around its outer border.

2. Tear tissue into broad squares. Gently scrunch each square into a loose blossom.

3. Arrange the blossoms along the branch before gluing. Leave spaces where you want the branch to show.

4. Glue each blossom at its base without flattening its whole shape.

5. Let the picture dry flat. Notice how a raised blossom casts a small shadow on the paper.

Let glue dry before playing. Keep your model and use leftover paper for another creation.
