CRAFT / AGES 4-7

Build a Paper Bridge

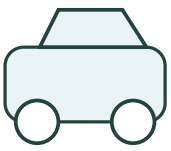
Make a tabletop bridge and test a paper traveller.

YOU WILL NEED

This template, crayons, scissors and a glue stick.

> An adult must supervise cutting. Use child-safe scissors. Keep small paper pieces away from your mouth.

1. Colour the long bridge strip and traveller. Cut their outer rectangles.
2. Fold each dashed line on the bridge strip to make two upright supports and a flat deck between them.
3. Fold both little end feet outward. Glue the feet onto a spare sheet of paper.
4. Fold the traveller at the dashed line so it stands. Put it on the bridge. Does the deck stay level?



Test only with the paper traveller. Do not place heavy objects on the bridge.

PRINTABLE TEMPLATE / AGES 4-7

Build a Paper Bridge

Print at 100%. Colour first. Cut the outside edge of each separate piece.

Outer boundaries: cut. Dashed lines: fold. Enclosed drawing details: colour.
