CRAFT / AGES 4-7

Build a Shape Robot

Arrange a friendly robot from separate pieces.

YOU WILL NEED

This template, crayons, scissors, glue and spare paper.

An adult must supervise cutting. Use child-safe scissors. Keep small paper pieces away from your mouth.

1. Colour the labelled pieces. Add a face to the head and buttons to the body.
2. Cut each piece around its outside edge.
3. Arrange the head above the body, arms at the sides and feet below.
4. Glue the pieces to spare paper. Name your robot and tell someone what it helps with.

Try arranging the pieces in a new way before you glue.

PRINTABLE TEMPLATE / AGES 4-7

Build a Shape Robot

Print at 100%. Colour first. Cut the outside edge of each separate piece.

Outer boundaries: cut. Dashed lines: fold. Enclosed drawing details: colour.
