PAPER CRAFT / AGES 4-7

Chick in a Cracked Egg

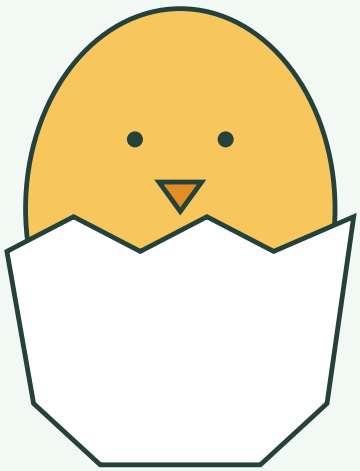
Peek at a paper chick above a cracked shell.

YOU WILL NEED

Spare paper, crayons, child-safe scissors and a glue stick.

1. Colour the chick body, wings and beak. Leave the shell pale if you like.
2. Cut around each separate piece.
3. Glue the wings behind the chick. Add its beak and draw eyes.
4. Glue the shell across the lower half of the chick. Mount it on spare paper.

ONE WAY TO MAKE IT



Adult supervision: child-safe scissors, glue stick, and paper only. Keep small pieces out of mouths.

Chick in a Cracked Egg

Print at 100% on A4, or fit to Letter. Colour first. Cut the thick outside edges.

Dashed lines: fold. Thin inner lines: decorate. The shell edge is a paper zigzag. Cut slowly with an adult nearby.
