PAPER CRAFT / AGES 4-7

Dragonfly Wing Builder

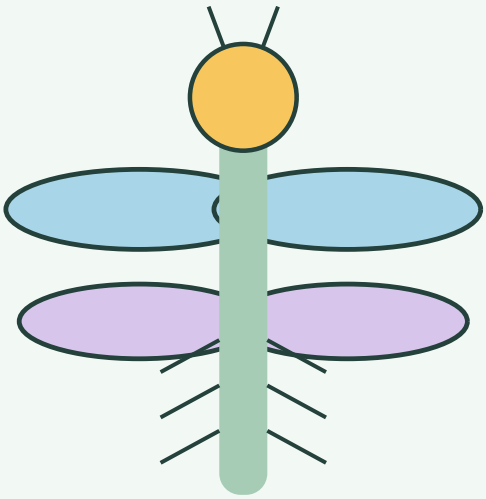
Arrange four long wings around a slender body.

YOU WILL NEED

Spare paper, crayons, child-safe scissors and a glue stick.

1. Colour the four wings with lines, dots or tiny shapes.
2. Cut out the wings, body strip and round head.
3. Glue two wings to each side behind the body. Attach the head.
4. Mount on spare paper. Draw two antennae and six legs.

ONE WAY TO MAKE IT



Adult supervision: child-safe scissors, glue stick, and paper only. Keep small pieces out of mouths.

Dragonfly Wing Builder

Print at 100% on A4, or fit to Letter. Colour first. Cut the thick outside edges.

Dashed lines: fold. Thin inner lines: decorate. A dragonfly is an insect with six legs and four wings.
