Fold a Corner Creature Bookmark

A folded square grips the corner of a page.

YOU WILL NEED: paper, crayons and scissors.

Work with a grown-up. Use child-safe scissors. A grown-up handles inner cuts, holes and fasteners. Keep small pieces away from mouths.

1. Cut out the square. Fold it in half diagonally, coloured side out, to make a triangle.

2. Fold the left and right corners up to the top point. Open those two folds again.

3. Fold only the front layer of the top point down to the bottom edge.

4. Fold the left and right corners up again, then tuck them into the pocket made by the folded front layer.

5. Add a face to the outside. Slide the pocket gently over a page corner without folding the page.

Let glue dry before playing. Keep your model and use leftover paper for another creation.
