Fold a Mountain Scene

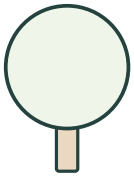
Create a zigzag landscape that stands up.

YOU WILL NEED

This template, crayons and scissors.

An adult must supervise cutting. Use child-safe scissors. Keep small paper pieces away from your mouth.

1. Draw a different mountain scene in each panel. Add paths, trees or clouds.
2. Cut around the large rectangle. Leave the panels joined.
3. Fold the dashed lines in alternate directions to make a zigzag.
4. Stand it up on a table. Tell a story about a traveller crossing your mountains.



The mountains are drawings. Cut only around the large outer rectangle.
