Fold a Paper Explorer Hat

A folded sheet becomes a pretend hat for a toy.

YOU WILL NEED: paper and crayons.

Work with a grown-up. Use child-safe scissors. A grown-up handles inner cuts, holes and fasteners. Keep small pieces away from mouths.

1. Decorate the large rectangle and cut around its outside if needed.

2. Fold the sheet in half across its short centre line, then crease a small centre mark along the folded top.

3. Fold both top corners towards that centre mark, making a triangle roof with two loose strips below.

4. Fold the front bottom strip upwards. Turn the piece over and fold the other bottom strip up.

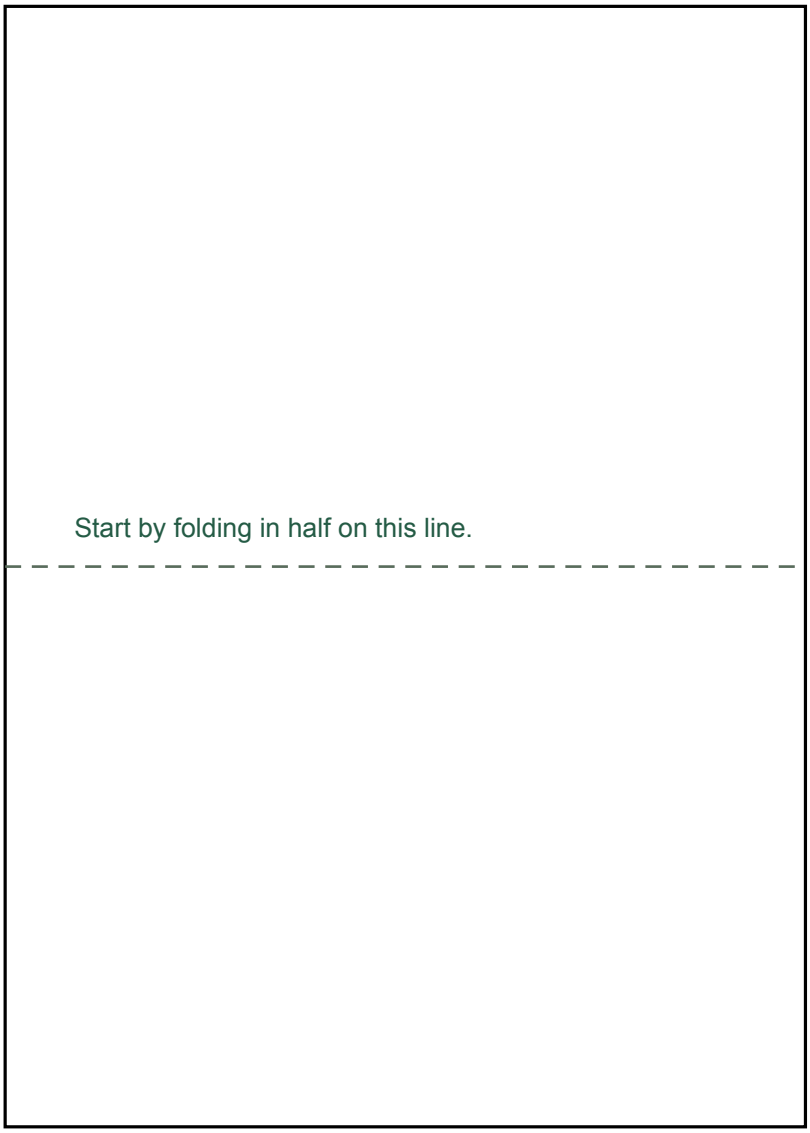
5. Open gently from below and place it on a suitable toy. This small paper hat is for pretend play, not protection.

Let glue dry before playing. Keep your model and use leftover paper for another creation.

Fold a Paper Explorer Hat

PRINTABLE TEMPLATE

Print at 100%. Solid outer edges: cut. Dashed lines: fold. Inner cuts are described in the steps.



Follow the folding instructions on page 1.
