PAPER CRAFT / AGES 4-7

Jellyfish Paper Streamers

Build a jellyfish with six wiggly paper arms.

YOU WILL NEED

Crayons, child-safe scissors and a glue stick.

1. Colour the dome and six long strips.
2. Cut around the dome and each strip.
3. Glue one end of every strip behind the flat edge of the dome.
4. Bend the strips gently to make waves. Add a smiling face.

ONE WAY TO MAKE IT

Adult supervision: child-safe scissors, glue stick, and paper only. Keep small pieces out of mouths.

Jellyfish Paper Streamers

Print at 100% on A4, or fit to Letter. Colour first. Cut the thick outside edges.

Dashed lines: fold. Thin inner lines: decorate. This is a pretend jellyfish. Its paper arms are for decoration.
