CRAFT / AGES 4-7

Fold a Paper Fan

Turn flat paper into a zigzag fan.

YOU WILL NEED

This template, crayons, scissors and a little paper tape.

An adult must supervise cutting. Use child-safe scissors. Keep small paper pieces away from your mouth.

1. Colour the large rectangle. Cut around its outside.
2. Fold on the first dashed line. Turn the paper over and fold the next line in the other direction.
3. Keep alternating folds all the way across. Press each fold flat.
4. Pinch one short end and wrap a little paper tape around it. Gently spread the other end.

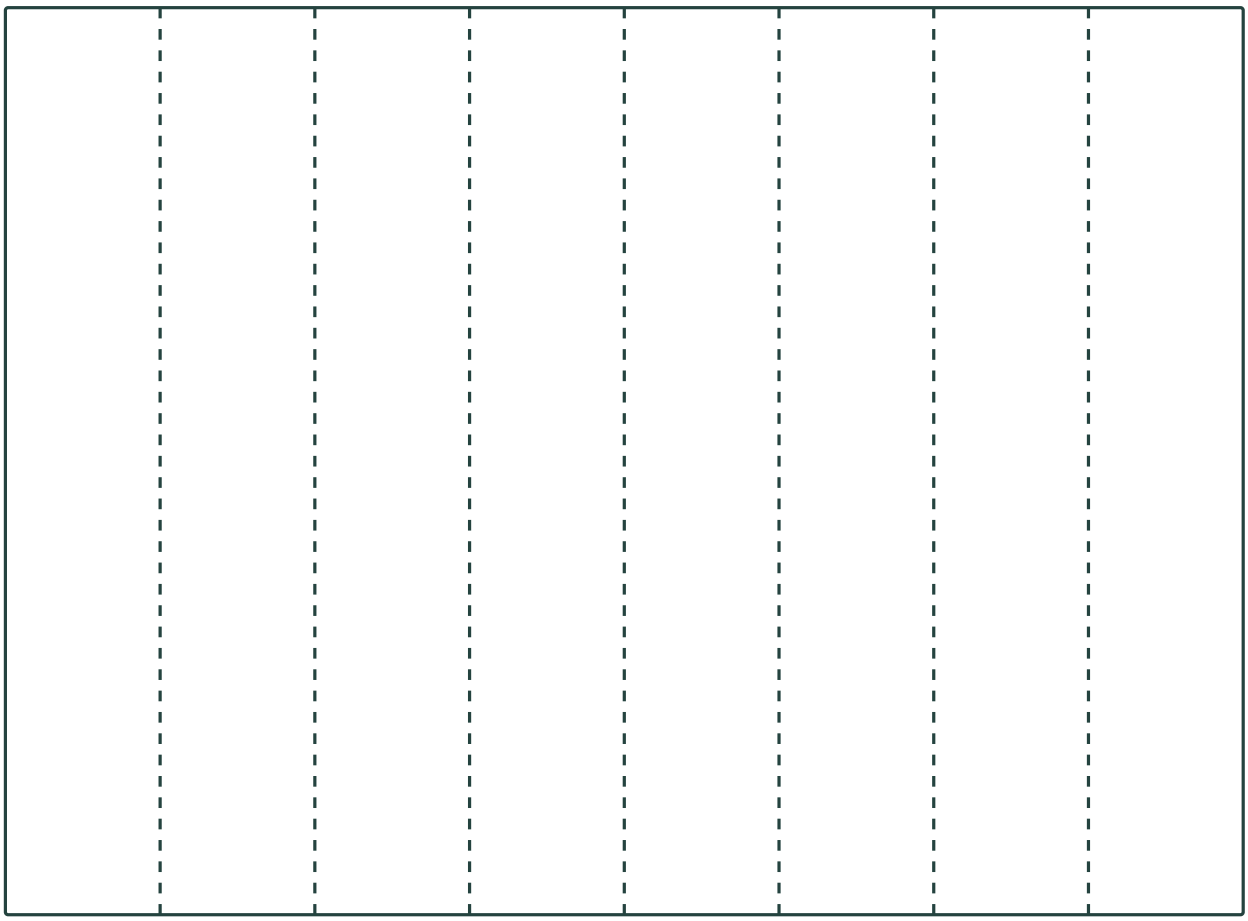

Fan gently away from faces. Which folds make hills? Which make valleys?

PRINTABLE TEMPLATE / AGES 4-7

Fold a Paper Fan

Print at 100%. Colour first. Cut the outside edge of each separate piece.

Outer boundaries: cut. Dashed lines: fold. Enclosed drawing details: colour.

Alternate forward and backward folds.
