Fold a Picture Wallet

Two pockets hold small drawings.

YOU WILL NEED: paper, crayons, scissors and glue.

Work with a grown-up. Use child-safe scissors. A grown-up handles inner cuts, holes and fasteners. Keep small pieces away from mouths.

1. Colour the outside of the main rectangle. Cut it out with its side tabs attached.
2. Fold the lower strip upwards along its dashed line to make a long pocket.
3. Fold the small side tabs inward and glue them to close the pocket ends.
4. Fold the whole piece in half at the vertical centre line. The long pocket becomes two facing pockets.
5. Cut the two picture cards, draw on them and slide one into each pocket. Let the glue dry first.

Let glue dry before playing. Keep your model and use leftover paper for another creation.

Fold a Picture Wallet

PRINTABLE TEMPLATE

Print at 100%. Solid outer edges: cut. Dashed lines: fold. Inner cuts are described in the steps.
