Little Market Counter

Build a small standing stall for pretend play.

YOU WILL NEED: card, crayons, scissors and glue.

Work with a grown-up. Use child-safe scissors. A grown-up handles inner cuts, holes and fasteners. Keep small pieces away from mouths.

1. Decorate the front panel and draw goods in the display area.

2. Cut out the full counter net, keeping every attached tab.

3. Fold the dashed lines. Bring the side panels backwards and glue the tabs inside.

4. Fold and glue the top flap over the counter. Let the small box dry.

5. Write a pretend shop name on the front. Use large paper goods, not food, inside the display.

Let glue dry before playing. Keep your model and use leftover paper for another creation.
