My Standing Name Tent

Make a folded sign that stands on your desk.

YOU WILL NEED: crayons, child-safe scissors and card.

Work with a grown-up. Use child-safe scissors. A grown-up handles inner cuts, holes and fasteners. Keep small pieces away from mouths.

1. Write your name on one wide panel. Turn the sheet around to write it on the other panel, following the labels.

2. Colour the border and cut around the outside rectangle on the template.

3. Fold along the dashed centre line, with the decorated sides facing out.

4. Open the two panels a little and stand the sign like a small tent.

5. Check it stands steadily. Draw a small symbol that helps someone recognise your place.

Let glue dry before playing. Keep your model and use leftover paper for another creation.
