Paper Mosaic Display Tile

Fit paper pieces into a bold pattern.

YOU WILL NEED: card, scrap paper, crayons, scissors and glue.

Work with a grown-up. Use child-safe scissors. A grown-up handles inner cuts, holes and fasteners. Keep small pieces away from mouths.

1. Cut the large square base and the broad coloured-paper strips.

2. Cut or tear the strips into large pieces. Lay them on the base before using glue.

3. Leave small gaps to make the edges of each piece visible.

4. Glue the pieces down one at a time. Trim only the pieces that extend beyond the outside border.

5. Let the tile dry flat. Display it as artwork; it is not waterproof or heat-resistant.

Let glue dry before playing. Keep your model and use leftover paper for another creation.

Paper Mosaic Display Tile

PRINTABLE TEMPLATE

Print at 100%. Solid outer edges: cut. Dashed lines: fold. Inner cuts are described in the steps.
