Springy Paper Frog

A folded paper spring lifts a frog from its base.

YOU WILL NEED: crayons, paper, scissors and glue.

Work with a grown-up. Use child-safe scissors. A grown-up handles inner cuts, holes and fasteners. Keep small pieces away from mouths.

1. Colour and cut out the frog card, base and two long strips.

2. Glue the ends of the strips at a right angle, one lying across the other.

3. Fold the lower strip over the upper one. Alternate the strips until you reach their ends.

4. Glue the last ends together. Attach one end of this paper spring to the base and the other to the frog card.

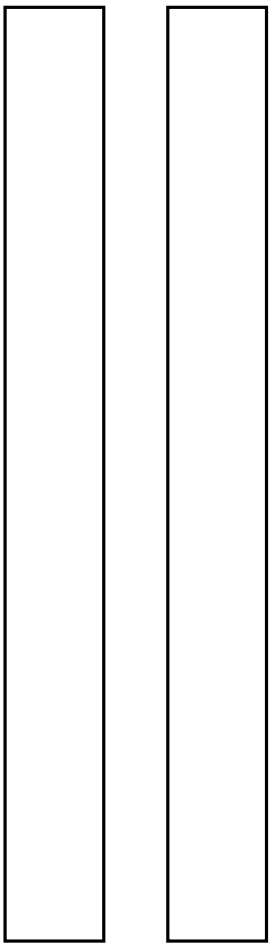
5. Let the glue dry. Press gently and release while the base rests on the table.

Let glue dry before playing. Keep your model and use leftover paper for another creation.

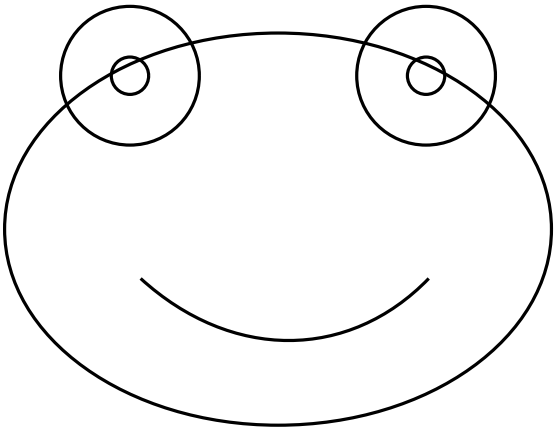
Springy Paper Frog

PRINTABLE TEMPLATE

Print at 100%. Solid outer edges: cut. Dashed lines: fold. Inner cuts are described in the steps.



STRIP A STRIP B



FROG CARD: cut the outer silhouette.
