Turtle Texture Collage

Build a turtle shell with torn-paper texture.

YOU WILL NEED

This template, crayons, scissors, scrap paper and glue.

> An adult must supervise cutting. Use child-safe scissors. Keep small paper pieces away from your mouth.

1. Colour the turtle card. Cut around its outer rectangle.
2. Tear scrap paper into small pieces using your fingers.
3. Glue the pieces inside the large shell oval. Keep the head and flippers visible.
4. Let it dry. Feel the bumpy shell collage and describe the texture.

This sea turtle picture has four flippers and a shell. Tear paper instead of cutting tiny pieces.
