Zigzag Picture Exhibition

A folded strip becomes a freestanding mini exhibition.

YOU WILL NEED: paper, crayons and scissors.

Work with a grown-up. Use child-safe scissors. A grown-up handles inner cuts, holes and fasteners. Keep small pieces away from mouths.

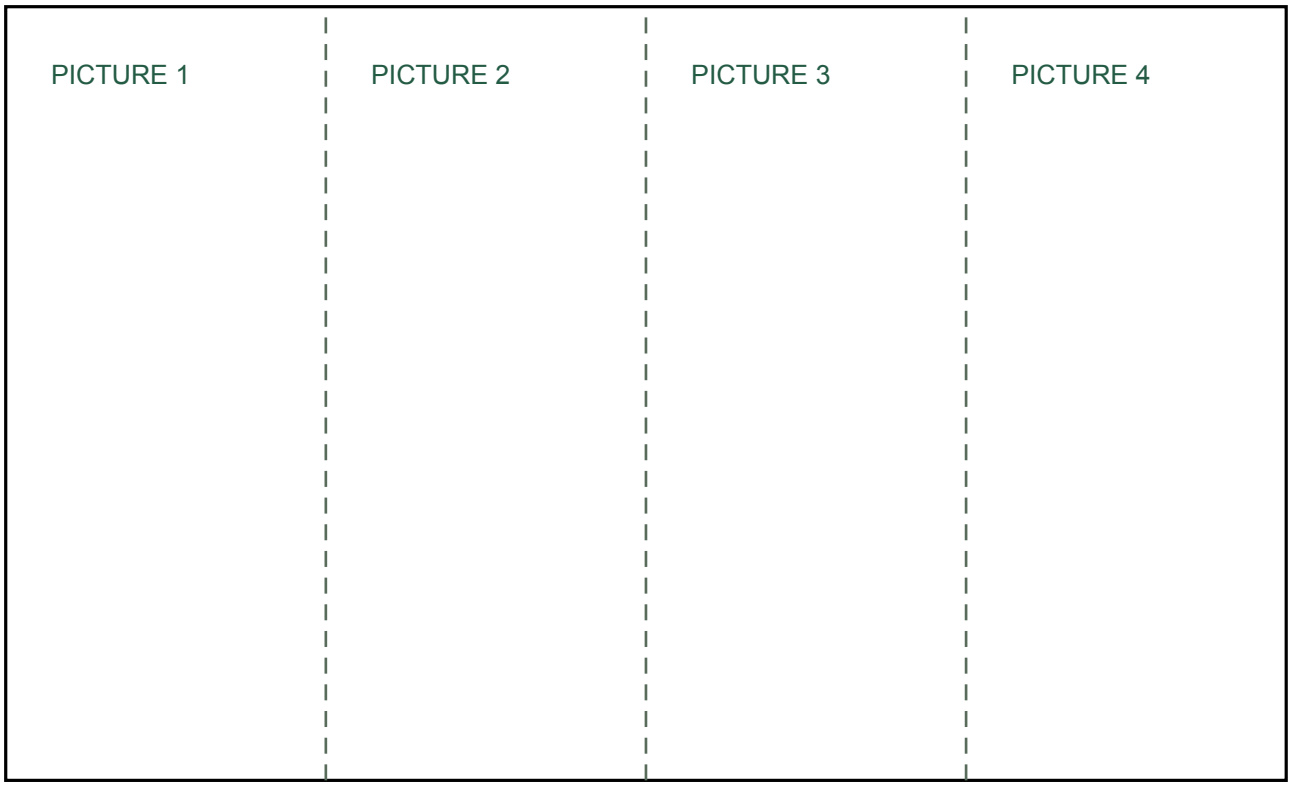

1. Draw a different picture inside each of the four panels.
2. Cut around the outside of the long strip.
3. Fold the first dashed line backwards, the next forwards and the last backwards.
4. Open the strip into a loose zigzag so all four panels can stand.
5. Walk around the display. Add a title on the back of the first panel.

Let glue dry before playing. Keep your model and use leftover paper for another creation.

Zigzag Picture Exhibition

PRINTABLE TEMPLATE

Print at 100%. Solid outer edges: cut. Dashed lines: fold. Inner cuts are described in the steps.

Fold back, forward, back.
