Ten More Keeps the Ones

For these numbers, adding ten changes the tens.

1 **12 + 10 = 22**

2 ones stay 2 ones.

2 **24 + 10 = 34**

4 ones stay 4 ones.

3 **37 + 10 = 47**

7 ones stay 7 ones.

4 **40 + 10 = 50**

0 ones stay 0 ones.

Try adding ten to 15 using bundles of ten and single counters.
