# Seal beach ball

Guide the seal to its beach ball.
Trace from START to END. Stay between the walls.

Name _____ Date _____

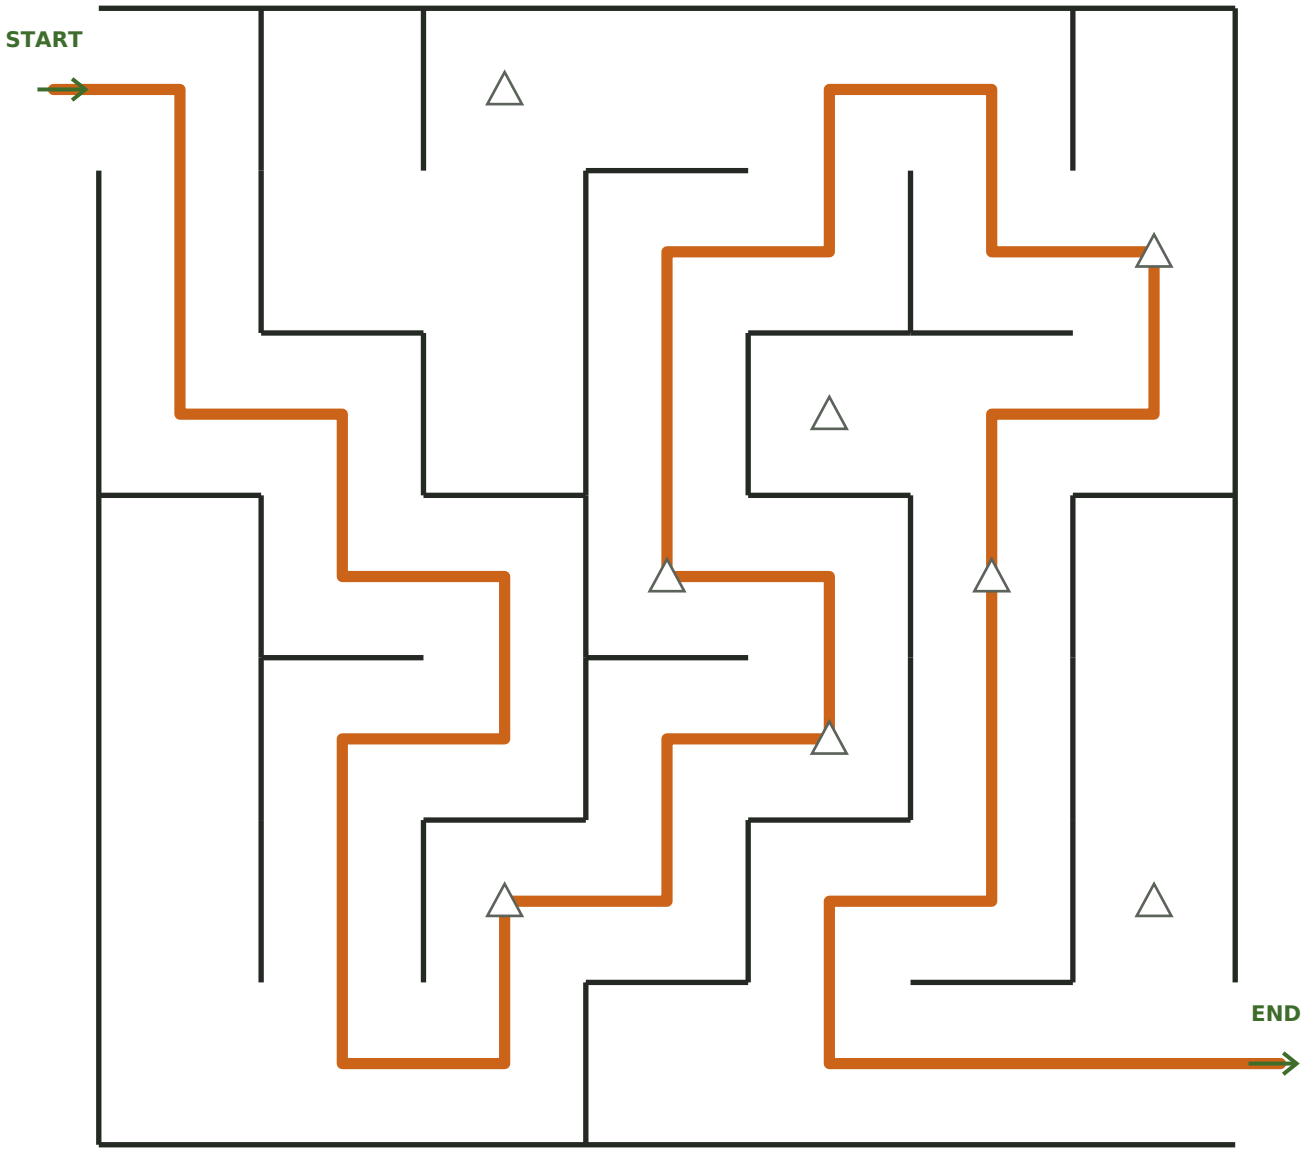

**Count the triangles you pass on your path.**

I found ☐ triangles.

Try first with your finger. Then use a pencil.

# Seal beach ball solution

The coloured line shows the one correct route.
Only count the triangles touched by the route.

**Answer: 5 triangles are on the correct route.**

Trace it slowly and count each marked shape once.

A grown-up can read the instructions aloud.
